

CAPITALIZING CITY'S CLIMATE

Committee Out for Sanatorium Fund in Name of Chamber of Commerce.

In an active campaign to capitalize the splendid climate of El Paso and vicinity, a strong committee of the chamber of commerce will begin Tuesday morning the solicitation of pledges to accumulate the sum of \$50,000 for financing the agreement made by leading men of El Paso with the Southern Baptist convention at Hot Springs, Ark., to establish the great sanatorium of that church on the property known as the Mount Franklin Country club on the east side of the Franklin range. At noon Tuesday the committee will hold a luncheon to better organize the solicitors.

Strong Committee at Work. Handling the workers for pledges are James O. McNary and Charles M. Newman and they will appoint assistants. The solicitors are George E. LeBaron, R. B. Granger, V. B. Stiles and Joseph A. Wright, each to name districts. The "drive" will be conducted similarly to those that have been so successful here for funds. The committee will carry a list of authority from the Mount Franklin Country club and the chamber of commerce, through its board of directors, obligating itself to see to it that a fair and equitable contract will be made with the representatives of the Southern Baptist convention, which will in every way safeguard the interests of the contracting parties, both the Southern Baptist convention and the citizens of El Paso.

Under the \$50,000, which is to be raised for the purpose of purchasing the Mount Franklin Country club and 145 acres of land, there has been donated without charge and without restriction to the chamber of commerce, certain lots and sections of land which the directors of the chamber of commerce donate themselves to place in the hands of proper trustees and which property to be eventually sold for the benefit of all subscribers to this fund. All amounts received over the \$50,000 are to be returned pro rata to the subscribers as their payments may be in proportion to the \$50,000.

MISS BUNTING BACK IN CITY

Opens in New Bill at the Texas Grand; Crawford Company to Deming.

Miss Emma Bunting and company, after an absence of six weeks in Phoenix, returned to El Paso Sunday and opened an indefinite summer engagement at the Texas Grand in "The Blue Mouse."

The play as presented by Miss Bunting and company, was most refreshing, as it is light and full of comic situations. Miss Bunting, as usual, has good support, returning here with her former company, strengthened by the addition of leading male members. The play hinges upon the impersonation by a demure little wife of an actress, "The Blue Mouse," and her innocent efforts, misconstrued, to win the friendship of her husband's superior. The mixup affords plenty of fun as well as offering numerous tense situations. Miss Bunting in the leading role has a part most acceptable to the audience, and the character of the character most satisfactory. The performance will continue the rest of the week.

TODAY'S AMUSEMENTS

ALHAMBRA—CONSTANCE TALMADGE. Constance Talmadge will appear at the Alhambra today in a film version of Frances Hodgson Burnett's popular novel "Up the Road with Sallie." In this her latest production, she reveals to even fuller extent her marvellous talents in the admirably of a humorous portrayal with moments of real dramatic suspense.

Sallie Waters (Constance Talmadge) has inherited five thousand dollars as her share of her uncle's estate; she inherits her uncle's car, "Sally" on the accident of her automobile, and off they go, on an adventure bound. A storm drives them to seek refuge in a deserted house, only to find there a pair of young men. Each group suspects the other of being criminals in hiding, and they proceed to lead each other out of the "paths of wrong-doing."

Further complications ensue when the county authorities lack a small sign on the house, quarantining the inmates who believe that the guards are there to prevent the flight of the others from justice. Finally the owner of the house arrives on the scene and untangles the web with surprising disclosures to all concerned.

WIGWAM—MARY PICKFORD.

A return engagement has been booked at the Wigwam today and tomorrow for Mary Pickford's "Mollie Maize." This picture is the artistic triumph of Miss Pickford's entire career, according to all of the moving picture critics. The story was taken from William Loeck's popular novel and affords Miss Pickford her first opportunity to appear in a dual role. The characters are entirely different, and her portrayal of the two won her the most enthusiastic praise from the critics.

Inspects Love's Cattle For Midland Pasture; Wilcox Men Shipping

S. Shanks returned Monday from Sierra Blanca, Texas, where he inspected for the Panhandle and Southwestern Stockmen's association a shipment of 14 carloads of cattle being made by T. D. Love to Midland, Texas, for pasture on the sections Mr. Love recently leased near there. O. McAda, inspector at Wilcox, Ariz., in his weekly report to the Panhandle and Southwestern Stockmen's association said that the weather was very dry and the range was in bad condition in parts of the country.

Rivers Cattle company sold 541 head of steers in Dean brothers and shipped them from Wilcox to Denver. Dean brothers also bought 344 head of steers from Cook and Johnson and shipped them from Wilcox to Denver.

Cook and Johnson sold 217 head of steers and heifers to C. W. Butler. One thousand seventy-seven head were shipped from Wilcox to Syracuse, Kan. 475 steers and 94 heifers were shipped from Bowie, Ariz., to Syracuse, and 52 head from Bowie to Goodland.

JUDGE RAMSEY MEETS U. S. BANK DIRECTORS; TO RETURN

Judge W. F. Ramsey, chairman of the federal reserve bank of the 11th district, was in El Paso Sunday afternoon several hours and met A. P. Cole, W. W. Turner, U. S. Stewart and Sam P. Lawler, directors of the El Paso branch, at the home of Mr. Duick, 100 Magoffin avenue.

The judge was passing through El Paso en route to Yuma, Ariz., to attend the funeral of his brother-in-law, E. O. Carothers, a prominent banker of that place. The judge arrived in El Paso at noon from Dallas and left in the afternoon.

Justice Ramsey said there was nothing new in the federal reserve bank situation. He said he would stop off here in a few days on his return from Arizona and at that time he planned to get the directors together and explain a few details. The branch bank here will probably be opened for business about June 15.

"Tarzan of the Apes", the Screen's Most Notable Success, Opens at Grecian Today

El Paso Has Opportunity to See Production That Has Been Playing Extended Engagements to Capacity Business in All Large Cities.

"TARZAN OF THE APES," the sensational adventure film, begins a four day engagement at the Grecian theater today.

This unusual story, with its jungle life, its wild animal atmosphere, the great combats between the superman Tarzan and the lions, tigers and cannibals, and its romantic touches, will stir a responsive chord, and the Grecian theater should be packed just as all theaters have been wherever this picture has been shown.

With the frontier in a complete (for forgotten lands on the dark, silent coast of Africa this giant white man, reared by an ape mother, roams and kills. He stays the lion and tiger with his bare hands, the jaguar feroce at his feet, and the massive elephant fears him.

The dreadful gorilla and stealthy panther are but babes in his hands. All the terrible beasts of the jungle skulk away at his approach. Then comes the beautiful white girl.

Imagine then a beautiful maiden, her blood thirsty lion crouched all ready for his spring—his bone crushing talons extended, his dripping jaws widely distended. The covering girl stands petrified, the narrow eyes of the monster fixed on his prey—when like a bolt from the sky a giant white form leaps from the fringe of foliage, striking for the panther, and plunging headlong, landed full force on the lion's haunches and an instant later the lion lay dead, strangled, and

Rheumatism Has Never Been Cured By Lotions, and Never Will Be. You never know of Rheumatism—that most painful source of suffering—being cured by liniments, lotions or other external applications. And you will never see anything but temporary relief afforded by such makeshifts. But why be satisfied with temporary relief from the pangs of pain which are sure to return with increased severity, when there is permanent relief within your reach? Science has proven that Rheumatism is a disordered condition of the blood. How, then, can satisfactory results be expected from any treatment that does not reach the blood, the seat of the trouble, and rid the system of the cause of the disease? R. S. S. is one blood remedy that has for more than fifty years been giving relief to even the most aggravated and stubborn cases of Rheumatism. It cleanses and purifies the blood by ridding out all traces of disease. The experiences of others who have taken R. S. S. will convince you that it will promptly reach your case.
